

Go on a bus or train journey with your adult. Draw a picture and write about where you went and what it was like.

Make a poster showing the history of a chosen form of transport.

Include information like:

- * How did it look in the past?
- * has it changed?
- * is it better now?

Make a 3D model of a chosen form of transport.

Think about someone who helps us and make the hat they wear to work. Can you write the instructions about how you made it?

Look out the window with your adult for 5 minute and make a tally chart of all the different types of transport that you see.

Challenge

Shade in any patterns that you see?

With your adult share an information book about someone who helps us.

Go to the library with your adult and find some books about transport or people who help us. Read them at home and bring them to school to show your friends.

Learn these spellings:

- help
- said
- like
- from
- went
- have
- some

Challenge

Write your own sentences containing these words. Remember to use capital letters and full stops.
