

# Home Learning CHALLENGES \_\_Block 5\_\_

English	Parent to sign here	Science/Maths	Parent to sign here	Topic/Other	Parent to sign here
Create a newspaper report. It can be about anything you like.		Track your shadow over the day. Mark the floor with chalk and see how it moves. Why do you think this happens?		Have you ever been to the seaside? If you have, write a diary entry telling me about your day. If you haven't, write what you are really looking forward to doing when we go to the beach!	
Create some questions based on the book you are reading.		Sketch a flower or a plant.  Label the features that you can remember.		Research an English seaside town. Create a poster for it encouraging people to visit there.	
Go to the library and pick out a book you have never read before. Write a short book review about it or draw the book cover.		Create a research project about bees. Include a drawing or photo, labels and some key facts. Use the internet or books to find information.		Design and create your own pirate. Draw and label them.	
Create a non-chronological report about Pirates.		Take a short walk and write directions using compass points to describe your journey. You can include road names or landmarks to make your directions more clear.		Research the features of a pirate ship. Draw and label one!	
Write a blurb for the book you are reading. Remember to tell me the name of your book.		Plant a seed. Take care of it and track its progress. You could take photos or sketch how it looks each week. You could measure how much it has grown using a ruler.		Create a factfile on the Loch Ness monster.	
Pick 5 words in your book which you don't know the meaning of. Look them up in the dictionary and write down a definition.		Write instructions for how to care for a plant using what you have learnt in the challenge above.		Create your own mythical sea monster. Name it, describe where it came from and what it is like
