

Year 3 Home Learning

Monday 22nd June

Hi guys,

Here are Monday's tasks we have set for you:

English

Write a newspaper article about what makes Marvels Lane the best school!

Think and include everything you've done this year, trips you've been on and experiences you've had (pottery making, Stone Age dress-up day, making rock cakes etc) to encourage other children to attend Marvels Lane. Don't forget to include why they should come to Marvels Lane as opposed to going to another school, as well as a persuasive, bold headline.

Maths/English

Bake a cake, bread or anything else with an adult family member and write down the instructions you used along with all the ingredients, including the measurements. What unit of measure was used? Take a picture of what you've made and send it to me!

Science

Keep a food diary over the next couple days (this could be a picture diary if you want). Then group what you ate into various food groups (carbohydrates, fats, protein etc).

Ms Sadrettin and Ms Anderson
