

Year 3 Home Learning

Monday 29th June

Hi guys,

Here are Monday's tasks we have set for you:

English

Have a look at the attached link. Really think about what could be happening in the picture, then answer the questions using full sentences and subordinating conjunctions like, because and as.

https://www.onceuponapicture.co.uk/portfolio_page/train/

Maths

Find various items in your kitchen that have been labelled with their weight (mass). Put them in order of lightest to heaviest. Which unit of measure has been used? Take a picture of your ordered items or draw them with their respective weight.

Science

Earlier on this year we learnt about rocks. What can you remember? If the answer is 'nothing', find out about the different types of rocks (what they are called, how they are formed and what they can be used for), then write down a fact file about them.

Include some drawings too.

You can watch this link for a start <https://www.youtube.com/watch?v=tVy3dzLSMLg>

Take care and keep up the hard work at home!

Miss Sadrettin and Miss Anderson
