

# Home Learning CHALLENGES: Spring 1

English	Parent to sign here	Science/Maths	Parent to sign here	Topic/Other	Parent to sign here
Write a persuasive letter, persuading a technology company to buy your latest gadget invention.		Create a poster on different types of electrical devices. What are their power sources?		Design and make a model of a gadget for the future. Write some facts about what it will do.	
Write a diary as a character from your book explaining how you are feeling about an event that may have occurred.		Practise writing your times tables up to 12x12. Ask someone at home to test you 2 or more times. Can you beat your previous score?		Using your computer to create a new label for a cereal box.	
As you read, write down the words that you do not understand. Look them up in a dictionary and write down their definitions.		Draw and label the different electrical devices in your home. Can you group them?		Make a working string telephone.	
Create an information leaflet about a piece of technology.		Find or create a maths bingo game with questions and answers for you and a friend to play.		Find and write about a famous inventor and their invention.	
Create a new character for the book you are reading. Write a brief character description of the character.		Accompany your parent/carer on a food shopping trip. Jot down the price of each item bought. When you are home calculate the total cost of the items bought.		Watch a documentary about how a particular gadget has developed through the ages.	
Draw a picture of the Iron Man (Ted Hughes) and label his features.		Create a poster about equivalent fractions.		Write the Spanish names of different electrical devices in your home. Use the internet or a Spanish dictionary to help you.
