

Year 1 Home Learning Challenges: Autumn 1

English	Parent to sign here	Science/Maths	Parent to sign here	Topic/Other	Parent to sign here
Choose a picture from a picture book or from the internet about animals. Can you write some descriptive sentences of what you can see? 		Draw around the hands and feet of your family. How are they different and how are they the same? 		Try 5 new foods you have never tasted before. How do they taste? 	
Read a story that happens in a familiar place such as a school, a park, at home or in the supermarket. 		Play a game called 'Target 20'. You will need a dice. Play with someone at home. Take turns for each player to roll the dice and each time you add on to the last number. The first person to reach 20 is the winner.		Draw a picture of your favourite toy and your parent's favourite toy from when they were little. How are they similar/different? 	
Draw a picture of your family and write the names of your family members. 		Learn a counting song by heart to sing to a friend. E.g. 10 green bottles, 10 little monkeys jumping on the bed, 5 little speckled frogs. 		Draw a picture of someone's face in your family. Look carefully at the details.
