

# NUMBER DAY

323

6

277

Dear Parents and Carers,

We are excited to let you know that **Friday 6th February** will be Number Day at Marvels Lane Primary School.

Number Day is a fun opportunity for children to celebrate their enjoyment of maths through practical activities, problem solving and creative thinking.

## Dress Up for Number Day

Children are invited to come to school dressed in number-themed clothing. This could include:

- Clothes with numbers, patterns or shapes
- A favourite sports shirt with a number
- Homemade number hats, badges or accessories
- Repeating patterns or times tables designs

12

There is no need to buy anything new – simple and creative ideas are perfect.

## Number Hunt

Throughout the day, children will take part in a number hunt, searching the school for numbers, patterns and mathematical clues. This will encourage them to spot maths in everyday places and think carefully about how numbers are used.

## Class Activities

Each class will enjoy a range of engaging maths activities, including:

- Problem-solving challenges
- Number games and puzzles
- Pattern and reasoning tasks
- Collaborative maths investigations

22

68

All activities will be matched to the children's age and stage of learning and designed to build confidence and enjoyment in maths.

We are really looking forward to a fun and positive day celebrating numbers and learning together.

Thank you for your continued support.

Kind regards,

126
